

EXHIBIT S

To whomsoever it may Concern

I object to the settlement in In re Apple iPhone 4 Products Liability Litigation, Case No 5:10-md-02188-RMW owing to the following reasons.

- \$15 is not the right claim amount. I believe the amount should be higher.
- With the signal quality attenuating on handling the phone I have missed most of the important calls especially if they are from unknown/private numbers and if those callers have not left any voicemail(s).
