1 3. Our firm was not appointed lead counsel in this consolidated MDL. To date, I
2 have not been paid or reimbursed any fees or expenses in this case.

3 4. The identification and background of my firm is attached hereto as **Exhibit A** and
4 can be found at <http://www.cgilmanlaw.com>.

5 5. The following information regarding the firm's time and expenses is taken from
6 time and expense printouts prepared and maintained by the firm in the ordinary course of
7 business. I am the attorney who oversaw and/or conducted the day-to-day activities in this
8 litigation and who reviewed these printouts (and backup documentation where necessary or
9 appropriate). The purpose of these reviews was to confirm both the accuracy of the entries on
10 the printouts as well as the necessity for and reasonableness of the time and expenses committed
11 to the litigation. As a result of these reviews, reductions were made to both time and expenses
12 either in the exercise of billing judgment or to conform to the firm's guidelines and policies
13 regarding certain expenses such as charges for hotels, meals, and transportation. As a result of
14 these reviews and adjustments, I believe that the time reflected in the firm's lodestar calculation
15 and the expenses for which payment is sought are reasonable in amount and were necessary for
16 the effective and efficient prosecution and resolution of the litigation.

17 6. The total number of hours spent on this litigation by attorneys at my firm is 22.60
18 hours, and the total number of hours spent on this litigation by paraprofessionals at my firm is
19 9.80 hours. The total lodestar amount for attorney/paraprofessional time based on the firm's
20 current rates (plus disbursements) is \$12,280.00. The hourly rates shown below are the usual
21 and customary rates charged for each individual. A breakdown of the lodestar is attached as
22 **Exhibit B**.

23 7. The above attorney-hours represent time spent preparing members pleading and
24 other briefs, interviewing potential members, discussing the case with co-counsel, discussing the
25 case with opposing counsel, reviewing filings in the case, receiving case updates from lead
26 counsel, and communicating with members regarding the status of the case.

8. In addition, I was contacted by, and provided interviews to, several radio, television, and print media outlets. During these interviews, I identified and explained the problems with the iPhone 4 that were the subject of our clients' case. Those media requests/interviews included, but were not limited to, interviews with Gizmodo.com, Sky TV London, ABC News, the New York Post, Dow Jones, the Daily Journal, Law 360, WSJ, Daily Record, WBAL radio and WBAL Television. I also prepared and/or reviewed several blog and social media posts providing information about and updates on the case.

9. The above paraprofessional-hours represent time spent talking with potential members, preparing email status updates for our members, handling media requests, managing our member database, participating in conference calls, preparing blog and social media posts, preparing and reviewing briefs, pleadings, and other relevant case materials, conducting legal research, and providing administrative support for the case.

10. It is my understanding that our firm, along with our co-counsel, Daniel Ward, filed the second case against Apple, Inc. for the defects in the iPhone 4, well before many of the other firms participating in this action were involved. After filing, we were contacted by dozens of consumers and continued to grow our class of clients.

11. Our firm along with Ward & Ward, PLLC was retained by and represented approximately 105 members prior to consolidation and remained in regular contact with those members throughout the course of the litigation. Despite not being named lead counsel, our firm regularly fielded calls from those members, regularly spoke with lead counsel on behalf of those members, and regularly provided those members with case updates on the litigation process.

12. My firm also seeks an award of \$298.80 in expenses, which were reasonably and necessarily committed to the prosecution of the litigation. They are broken down as follows:

EXPENSES

From Inception to May 21, 2012

<i>EXPENSE CATEGORY</i>	<i>TOTAL</i>
Copies	\$36.90
Television Communication	\$245.50

<i>EXPENSE CATEGORY</i>	<i>TOTAL</i>
Magic Messenger	\$16.40
<i>TOTAL</i>	<i>\$298.80</i>

13. The following is additional information regarding these expenses:

(a) COPY SERVICES: \$36.90 (123 pages x .30 a copy) for the multiple copies of the Complaint filed with the Court on July 1, 2010.

(b) Requested and obtained copies of the Television interviews conducted in this case between July 2, 2010 to July 12, 2012.

(c) MAGIC MESSENGER: Messenger service that filed the initial Complaint with United States District Court for Maryland.

14. The expenses pertaining to this case are reflected in the books and records of this firm. These books and records are prepared from expense vouchers, check records and other documents and are an accurate record of the expenses.

15. I submit that the time and expense submission included in this Declaration were incurred in this litigation. I request that the Court award my firm \$12,280.00 in attorneys' fees and \$298.80 in expenses reimbursement, for a total of \$12,578.80.

I declare under penalty of perjury under the laws of the District of Columbia and the State of California that the foregoing is true and correct. Executed this 23rd day of August, 2012, at Timonium, Maryland.
