ORDER

On March 19, 2013, the Court held a final fairness hearing for the class-action settlement proposed in the *Grabowski* (Case No. 3:12-CV-00204) and *Morga* (Case No. 3:12-CV-00205) actions. This proposed settlement, if receiving final approval, will be binding on a nationwide class of consumers asserting economic injury and consumer fraud claims against the various Skechers Defendants. Counsel for *Grabowski* and *Morga* have been preliminarily approved as lead counsel for the proposed settlement class. (*See* Memo. Op. & Order, MDL Dkt. No. 148, p. 11-12.)

As described at the fairness hearing and in the proposed Settlement Agreement, the cost of implementing and administering the Class Notice program is to be paid from the settlement fund. Upon review, the record appears to be silent as to the actual or projected costs of the Class Notice program. In the process of reviewing the proposed settlement for final approval the Court requires information concerning these expenses. Accordingly,

IT IS HEREBY ORDERED that on or before April 5, 2013, lead counsel for the proposed settlement class shall provide the Court with a written summary detailing the cost of implementing and administering the Class Notice program. Such information shall include expenses incurred to date and an estimate of any projected future expenses.
